

1000 & 2000 Series CDI's – A Classic Collection for Business Growth

Stay Ahead of YOUR Competition

Esko's 1000 & 2000 series CDI's are not only a smart investment now, but can exceed your Return on Investment expectations for the future. Imagine moving away from the rising cost of film, storage of chemicals and the entire workflow that goes along with it. Digital is the technology driver today and for the foreseeable future. And by moving from analog to Digital you can:

- Improve print quality
- Increase print consistency
- Decrease press make-ready
- Reduce waste
- Reduce plate-room footprint

Esko is synonymous with excellent quality and consistency in all aspects of flexo packaging printing applications – and now with the 1000 & 2000 series promotion your business can move ahead of the competition and stay competitive for years to come.

Esko's 1000 & 2000 series CDI's may be small in footprint, but they are "BIG" in capabilities and performance to support your growing business. Within the 4-family set (1712, 2120, 2420 & 2530) of digital flexo imagers you will find a solution to support a variety of markets:

- Narrow Web
- Label Converters
- Label Trade Shops
- Tag Market
- Folding Carton
- Low Volume Plate Producers

Smart Decision

And now through **September 30th, 2013** the 1000 & 2000 series CDI's have promotional pricing and bundled enhancements that make purchasing a new CDI smart and affordable. The bundled items include – Installation/Training, Onsite Rip install & calibration, Plate Optimization and Shipping & Handling. The total savings for each CDI does vary and your Esko Account Manager or Authorized Reseller have all the details.

Invest in Your Digital Future with No Risk
